

Classic Glass

Construction Options and Modifications

Classic glass is simple, clean and timeless. Designs feature minimal patterns and textures. The choice of clear glass, with or without simple bevels, maximizes interior visibility.

Classic glass is available in most door styles, in sizes from 12" wide and up to 54" high

Glass inserts are ordered individually. Place quantity before order code. See examples for individual items

Material dimensions may be nominal based on lumber industry standards.

Specifications subject to change without notice.
